KOUTS HIGH SCHOOL

Kouts, Indiana

OUR PRINCIPAL . . .

To The Class of 1964:

I first met the group of you
In the fall of '52
Entering into grade one;
Very eager and full of fun.
Quickly years do pass us by;
You seek places in the sky.
Hope these years help each of you
Do the things you ought to do.
As you leave us in the spring,
We wish the best of everything
To you the class of '64;
Health and wealth forevermore.

Sincerely,

Melvin B. Taylor

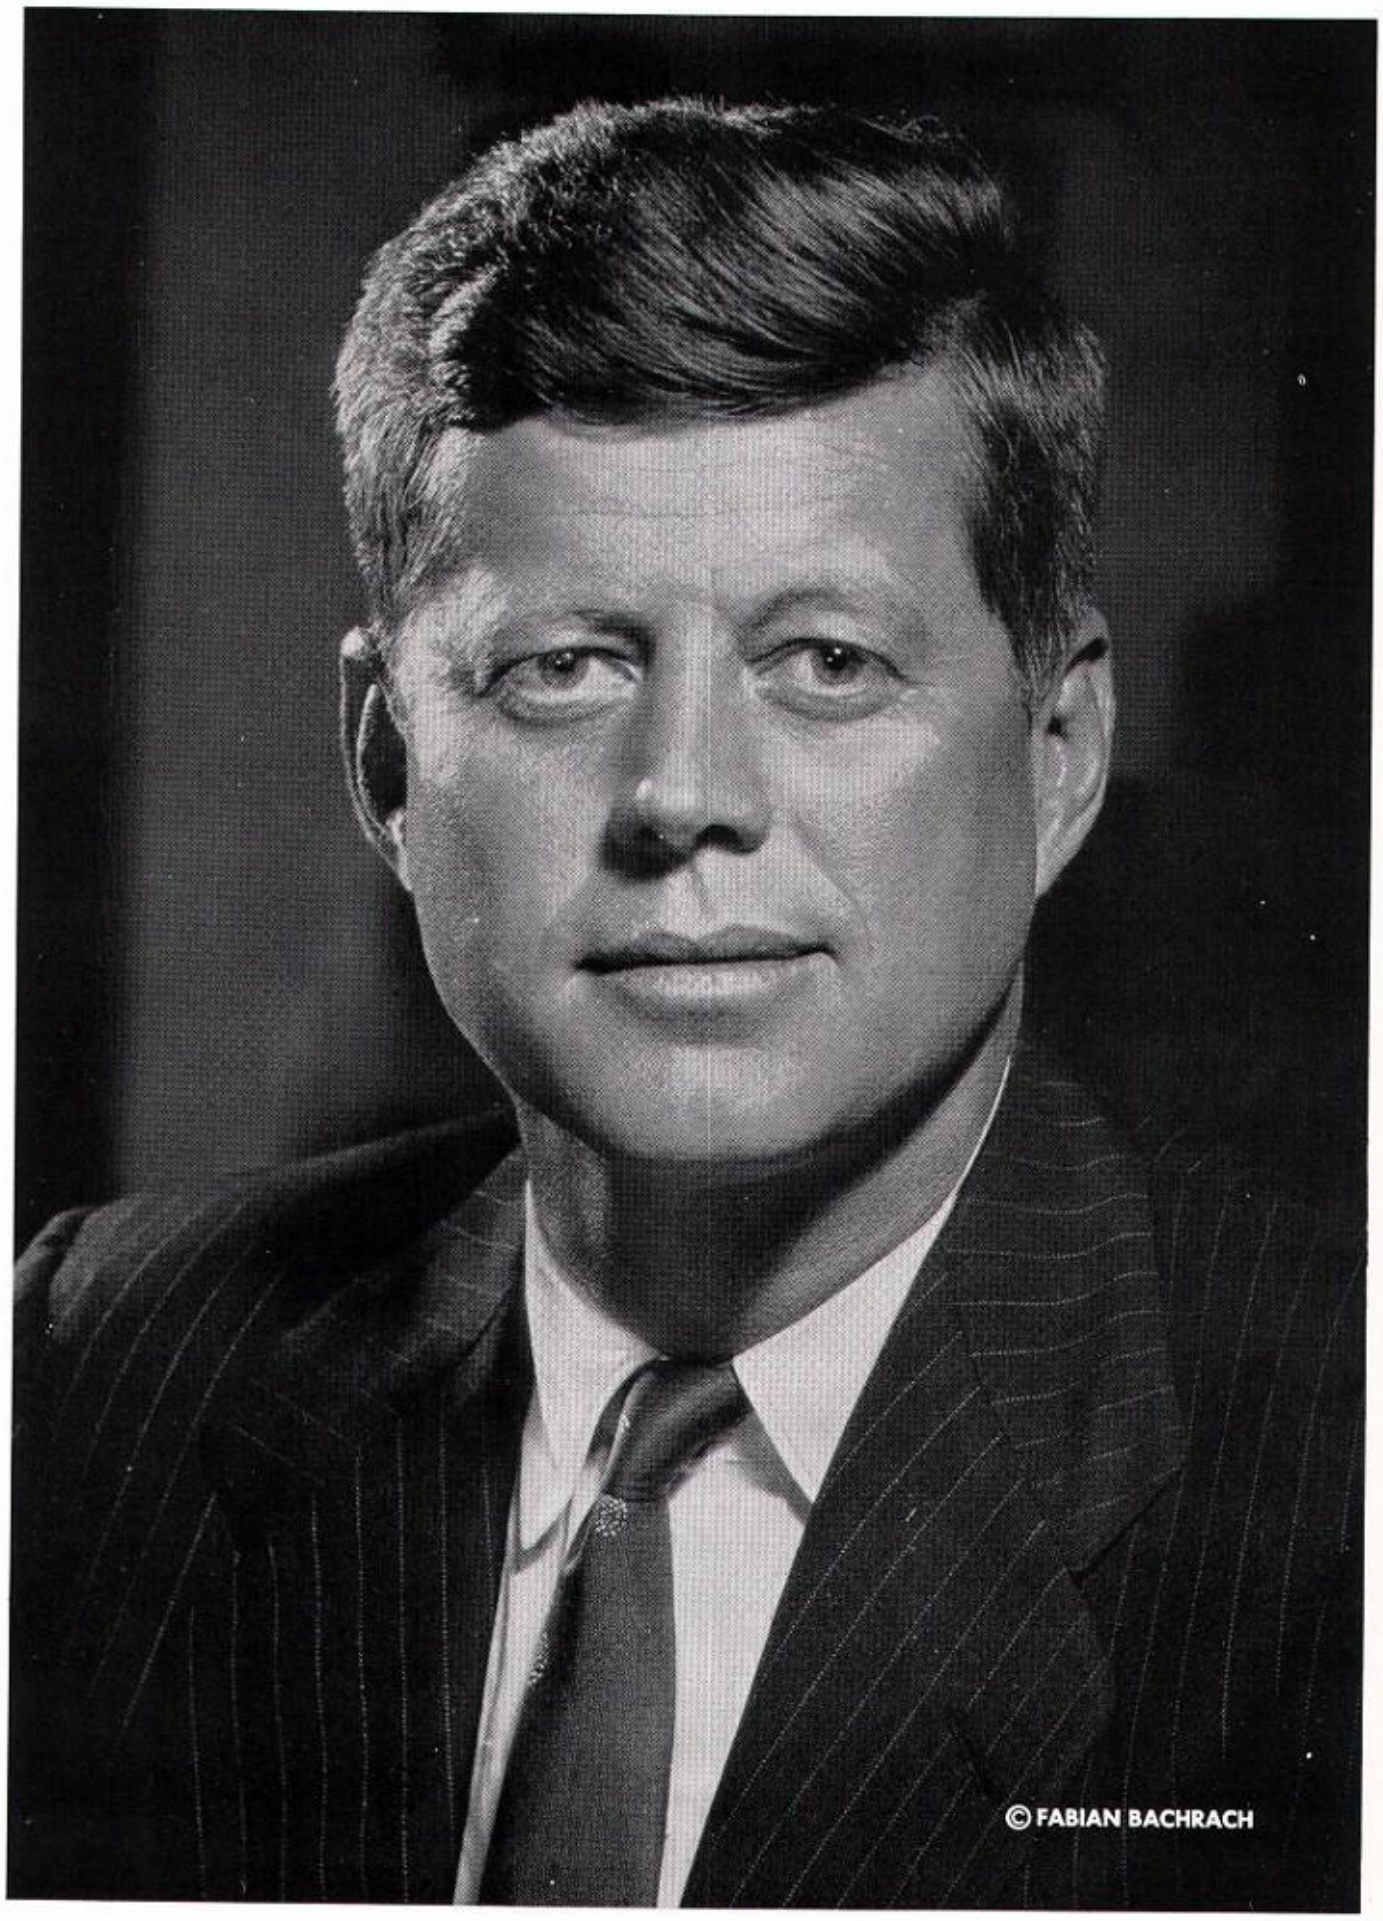
IN MEMORY OF . . .



JOHN FITZGERALD KENNEDY
35th President of the United States

We had the privilege of seeing President Kennedy on our Senior trip to Washington, D. C. We couldn't help being impressed by his striking personality and charm. We would like to, in a small way, pay tribute to this great American by dedicating this page to him.

SONG

Now that we're leaving
Our dear ole Kouts High School,
This class of 1964
Would like to say good-by to our friends
And thank our teachers for their kind help.

Parting brings back,
So many cherished memories,
But now we must be on our own;
We know not what the future may bring,
But faith will always lead us on.

SEATED: Mrs. Taylor
STANDING: Mrs. Temple

IN RETROSPECT . . .

This year was very much the same as any high school year - we studied, had fun, experienced sad moments of trial and error. There were games and dances; voices were hoarse from Pep Club rooting and singing. There were brief moments of glory for some of us in sports, in musical and dramatic productions. Everyone shared the hopeless reality of examinations and deadlines, the semester grades, the noontime cafeteria rush. These impressions are only a few that were packed into this full year.

We, the KOSTANG staff, have faithfully tried to portray the accomplishments of the past school year. We have worked hard this year with one goal in mind: to put together the best KOSTANG yet. We have tried to exemplify school life just as it is and, at the same time, to add a bit of humor here and there. The references to humor in this yearbook are not meant to offend anyone or cast a shroud of scorn on academic life; they are, instead, a necessary and integral part of process of learning.

As you page through this book, now and in future years, we hope that you will recall all the joys and events that have made 1964 such a memorable school year.
